

Reminder - Registration Closes on 8/15 for OCOF Coastal Manager Scoping Workshops*

Dear Coastal Colleagues:

For those interested in attending, but have not yet had a chance to sign up, this is just a reminder to make sure to register for an Our Coast–Our Future Coastal Manager Scoping Workshop on August 23rd at PRBO Conservation Science in Petaluma or August 25th at the Federal Building in downtown San Francisco by Monday, August 15th.

The workshops are open to all interested coastal managers and planners working along the Bay Area's outer coast, but will be limited to 40 participants per workshop. Registration is required, and attendees will register for one workshop only. Please register at: <http://www.prbo.org/ocofrsvp> by August 15, 2011 to reserve your seat at a workshop. You will have the option to indicate if you would like to sign up for the alternative workshop if your workshop of choice is already full. A final list of workshop attendees for each location will be sent the week of August 15th.

The workshop announcement, agenda, and location information is available, along with additional project details, at www.prbo.org/ocof <http://www.prbo.org/ocof> . For questions regarding the workshops, please contact Kelley Higgason, Our Coast–Our Future Coordinator, at 415-970-5252 or kelley.higgason@noaa.gov. In addition, a small amount of funds are available to reimburse local travel expenses (such as public transportation, parking, and mileage) for workshop attendees based on demonstrated need. Please contact Kelley Higgason if you would like to request this reimbursement.

Sincerely,

The OCOF Team

*Note: this is for the outer coastal managers
